

Business Unit: Roofing

Date Of Issue: May 2009

THE APPLIANCE OF SCIENCE

Inside the sleek silver exterior of this eye catching building, students study the sciences, blissfully unaware of the chemical technology involved in the Sika-Trocal roofing system that keeps the science block of Edinburgh Academy warm and dry.

The 850m² of Sika-Trocal Type S membrane, formulated to provide one the easiest and quickest single ply roofing solutions available on the market, has proven performance and low project life cycle cost. Fortunately for the students, Sika-Trocal Licensed contractor Grainger Building Services Ltd appreciates the science of Sika-Trocal and how its technology results in less time on site and the opportunity to move on to the next project.

Of course all good students do a lot of research and a quick visit to the BRE's on line Green Guide to Specification clearly shows that a single ply roofing system such as Sika-Trocal will get an A+ rating.

As contractors and specifiers look towards suppliers that offer that little bit extra in terms of on-site benefits and off-site credentials then Sika-Trocal can provide the perfect solution. Please contact the sales office for a free literature pack on telephone 01707 394444 or email sika-trocal@uk.sika.com.

Ends.

Note to Editors:

Sika Limited is a wholly owned subsidiary of Sika AG, a global company based in Switzerland specialising in the manufacture and supply of chemical based products for construction and industry. A world-leader in its field Sika has subsidiaries in more than 70 countries, generates annual sales of CHF 4.6 billion and is committed to providing quality, service, safety and environmental care. In Great Britain, Sika AG owns the two major single ply roofing system brands, Sarnafil and Sika-Trocal, operating them as competing brands from separate limited companies.

The Sika-Trocal Roofing Division of Sika Limited provides flat roofing membranes for the new build and refurbishment markets. Trocal was first established in Great Britain in 1972 and acquired by the Sika Group in 2001. Throughout its history the company has maintained high standards of training and quality installation, building a loyal specialist subcontractor, specifier and client base. Today Sika-Trocal provides high levels of specification generation, site support, straightforward guarantees and quality in construction, making Sika-Trocal the contractor's choice. Sika Limited's head office is based in Welwyn Garden City at Watchmead, Welwyn Garden City, Hertfordshire, AL7 1BQ. Call 01707 394444 or visit www.sika.co.uk/roofing.
